The only way is if it is a life and death situation. Most people don't meet the criteria. Requests are taken in turn. They can't be taken out of turn. When your request comes up in the que then they will start working on it.

Hi Claire,

Thank you for the further information. Is there any way to expedite this? This request is for pending litigation that has a discovery deadline approaching in the next month, so if we are unable to get an answer soon, we will have to file suit.

Appreciate any additional information you can provide.

Regards,
Caitlin
